Vinyl Building Panels

Corrugated & 9" On Center Profile

(For Dairy Applications)

Can be used as ceiling and wall liners in new construction, and retrofitting or up-grading older wood-lined buildings such as:

- Dairy Farms
- Hog Farms
- Poultry Farms
- Kennels
- Riding Arenas
- Marinas
- Food Processing Plants
- Meat Packing Plants
- Fish Farms
- Car & Truck Washes
- Storage Facilities
- Factories

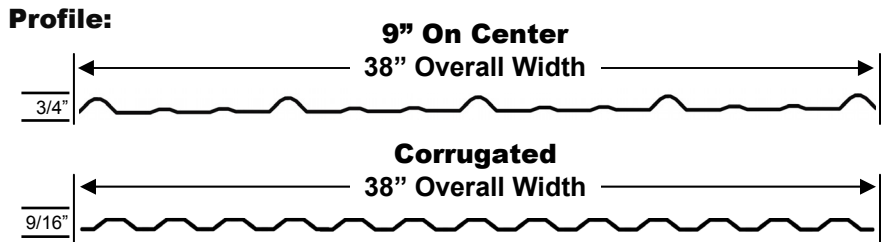

Benefits

- Non-Flammable
- Corrosion Resistant
- High-Impact Strength
- High Gloss Finish
- Easy to Cut to Length and Easy to Install
- Excellent Light Reflection
- High Water Pressure Cleaning
- Noise Reduction Value
- Will Not Rust, Rot, Chip or Peel

Installation Tips

- Storage:** Inside, out of sun and always covered (climatize product)
- Cutting:** Single panels - use utility knife, scissors or snips. Multiple panels - cut with a circular saw using a plywood blade reversed.
- Screwing:** Predrill all fastening holes 1/8" to 3/16" larger than the diameter of the fastener being used or use a one-step galvanized (or stainless for corrosive environments) screw with neoprene washer.
